

NOTE: This drawing was approved by joint action of the NAVY and AIR FORCE Departments on the 22nd Navy calendar and for this product. This drawing represents an abstracted standard drawing for this same product and shall become effective for the procurement of conventional explosives, or for use in new designs and from then on monthly as the technical data of approval allows.

SMALL CURTAIN TYPE MFG DWG NAF 312319

(A) EYELET

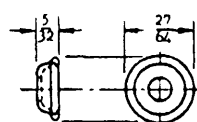

Technical drawing of a pin. The drawing shows a side view and a cross-sectional view. The side view has dimensions:  $\frac{1}{2}$  for the head diameter,  $\frac{3}{16}$  for the head length, and  $J$  for the shaft length. The cross-sectional view shows a circular head with a central hole and a shaft with a central hole. A callout points to the shaft with the text: THD NO. 7 (.151).
