

NOTICE: When Government drawings, specifications, or other data are used for any purpose other than in connection with a definitely related Government procurement operation, the United States Government thereby incurs no responsibility, nor any obligation whatsoever, and the fact that the Government may have furnished, furnished, or in any way supplied the said drawings, specifications, or other data, shall not be construed as an endorsement, or approval, or recommendation, or support, or any other form of approval by the Government of the views or opinions of the manufacturer, or of any other person, or of the methods or processes of manufacture, or of the results of the use of the same.

NOTE: This drawing was approved by joint action of the War and Navy Departments as the Army-Navy standard for this project. This drawing supersedes all unstandard standard drawings for use same project and shall become effective for the procurement of conventional quantities for use in the same design. For other quantities, including quantities of approval, it may be put into effect, however, at the earlier date of their publication.

SELF CLOSING OIL CUP
MATERIAL - BRASS
