

NO. 1. When Government drawings, specifications, or other data are used for any purpose other than in connection with a definite related Government procurement operation, the United States Government assumes no liability for any and all claims, damages, or other data in connection with such use. The Government makes no warranty, expressed or implied, in connection with the use of such data, and the use of such data is not to be taken as an endorsement, approval, or recommendation of the Government, or as an indication of its status, or as a warranty of its quality or performance.

PIN-ESCUTCHEON

AN302

SUPERSEDES FORMER ARMY AND NAVY
STANDARD ISSUES OF AN302 AND
AIR FORCE STANDARD DRAWING 302.

AIR NO. 1. This drawing was prepared by joint action of the Army and Navy Departments as a standard for the product. This drawing supersedes all antecedent standard drawings for the same product and shall be the only one used in the procurement of the product. It may be put into effect, however, at an earlier date, after promulgation.
