

NOTICE: When Government drawings, specifications, or other data are used for any purpose other than in connection with a definitely related Government procurement operation, the United States Government thereby incurs no responsibility, nor any obligation whatsoever; and the fact that the Government may have formulated, furnished, or in any way supplied the said drawings, specifications, or other data is not to be taken as an implied authorization of any specific use, nor is it to be construed as an implied endorsement, or conveying any authority or permission to reproduce or to transmit in any manner or by any means, electronic or mechanical, including photocopying, recording, or by any information storage and retrieval system, without prior written permission from the Government. This notice is required by statute, regulation, or agreement, and, where applicable, the penalty for noncompliance may be imprisonment or fine, or both.

AN PART NO.	SCREW SIZE	A DIA
AN5538-1	#8-32	11/64
AN5538-2	#10-32	13/64

NOTE: This drawing was approved by joint action of the War and Navy Departments as an Army-Navy standard for this product. This drawing supersedes all antecedent standard drawings for the same product and shall become effective for the procurement of aeronautical supplies, or for use in new design, not later than six months after the latest date of approval shown. It may be put into effect, however, at an earlier date after promulgation.
