

NOTICE: When Government drawings, specifications, or other data are used for any purpose other than in connection with a definitely related Government procurement operation, the United States Government therefrom is recognized and acknowledged by the fact that the Government has not furnished, furnished, or in any way supplied the said drawings, specifications, or other data to be regarded by implication or otherwise as in any manner endorsing the product or any other part or component, or conveying any right or permission to manufacture, use, or sell any patented invention that may in any way be related thereto.

NOTE: This drawing was approved by joint action of the AIR FORCE and Navy Departments in the AIR FORCE-Navy standard drawing series. This drawing supersedes all antecedent standard drawings for the same product and shall be used for all future drawings. This drawing is not to be used in new designs, but may be used in existing designs after the date of approval shown. It may be not into effect, however, at an earlier date after promulgation.
