

NOTICE: When Government drawings, specifications, or other data are used for any purpose other than in connection with a definitely related Government procurement operation, the fact that the Government has been authorized to reproduce and the fact that the Government may have furnished, furnished, or in any way supplied the information, specification, or other data is not to be regarded by implication or otherwise as in any manner licensing the holder, or any other person or corporation, or conveying any rights or permission to manufacture, use, or sell any patented invention that may in any way be related thereto.

AIR FORCE
The drawing was approved by last action of the Air Force Department as the standard for this product. This drawing is intended for use in the procurement of supplies, or for use in new orders, not later than six months after the latest date of approval shown. It may be put into effect, however, at an earlier date after promulgation.
