

NOTE: When Government drawings, specifications, or other data are used for any purpose other than in connection with a definitely related Government procurement operation, the United States Government thereby incurs no responsibility, nor any obligation whatsoever; and it is hereby stipulated that any and all such use of such drawings, specifications, or other data shall be made at the user's own risk and that the user shall indemnify and hold the Government harmless from and against all claims, damages, losses, and expenses, including reasonable attorneys' fees, which may be incurred by or for the Government in connection with such use.

NOTE: This drawing was approved by joint action of the War and Navy Departments as an Army-Navy standard for this product. The drawing shall be used for the procurement of aeronautical supplies, or for use in new design, not later than six months after the latest date of approval shown. It may be put into effect, however, at an earlier date after promulgation.
