

NOTICE: When Government drawings, specifications, or other data are used for any purpose other than in connection with a definitely related Government procurement operation, the United States Government is authorized to reproduce and distribute reprints for Government purposes, not to be regarded by implication or otherwise as in any manner licensing the holder or any other person or corporation, or conveying any rights or permission to manufacture, use, or sell any patented invention that may in any way be related thereto.

NOTE: This drawing was approved by joint action of the War and Navy Departments as the Army-Navy standard for this product. This drawing supersedes all antecedent drawings for the same product and shall become effective for the procurement of new and replacement quantities on the date of issue. It may be put into effect, however, at an earlier date after promulgation.
