

NOTICE: When Government drawings, specifications, or other data are used for any purpose other than in connection with a definitely related Government procurement operation, the Government hereby disclaims any responsibility, nor any obligation (whether or not) and the fact that the Government may have furnished technical data or other information in connection with a procurement operation does not constitute an authorization or endorsement in any manner of the use of such data or information for any purpose other than in connection with a procurement operation.

NOTE: This drawing was approved by joint action of the Air Force and Navy Departments as the Air Force-Navy standard for this part. This drawing provides all standard standard dimensions for the same product and shall be used for the procurement of standard parts, or for use in new designs, not later than 6 months after the latest date of approval.
