Size - G 55-Gallons

Salient characteristics.

Types I and II shall conform to the requirements of AMS 1476, Deodorant, Aircraft Toilet.

Certification. The contractor shall certify that the product offered meets the salient characteristics of this description, and that the product conforms to the producer's own drawings, specifications, standards, and quality assurance practices and is the same product offered for sale in the commercial marketplace. The Government reserves the right to require proof of such conformance prior to the first delivery and thereafter as may be provided for under the provisions of the contract. Small businesses that cannot offer products with established commercial market acceptability may compete by the submission of a bid sample.

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

FSC 6840

Packaging, Packing, and Marking. The deodorant shall be packaged in accordance with normal commercial practice and packed in fiberboard boxes that will assure acceptance by common carrier and provide product protection against loss and damage during multiple shipments, handling, and storage. The shipping container shall be in compliance with National Motor Freight Classification and Uniform Freight Classification. Shipping containers shall be marked as specified in the contract or order.
