

| DATA ITEM DESCRIPTION   |   |                          | Form Approved<br>OMB No. 0704-0188 |                 |
|---|---|--------------------------|------------------------------------|-----------------|
| 2. TITLE  |   | 1. IDENTIFICATION NUMBER |                                    |                 |
| Government Furnished Material (GFM) by National Stock Number  |   | DI-ILSS-80727            |                                    |                 |
| 3. DESCRIPTION/PURPOSE  |   |                          |                                    |                 |
| 3.1 To provide by National Stock Number/Part Number visibility of Government Furnished Material (GFM) inventories.  |   |                          |                                    |                 |
| 4. APPROVAL DATE<br>(YYMMDD)  | 5. OFFICE OF PRIMARY RESPONSIBILITY (OPR) | 6a. DTIC REQUIRED        | 6b. GIDEP REQUIRED                 |                 |
| 881209  | F/AFLC-MA                                 |                          |                                    |                 |
| 7. APPLICATION/INTERRELATIONSHIP  |   |                          |                                    |                 |
| 7.1 This data item description contains the format, content, and preparation instructions for the data product generated by the specific and discrete task requirement as delineated in the contract.   |   |                          |                                    |                 |
| 7.2 This DID supersedes DID DI-L-3340A.   |   |                          |                                    |                 |
| 8. APPROVAL LIMITATION  |   | 9a. APPLICABLE FORMS     |                                    | 9b. AMSC NUMBER |
|   |   |                          |                                    | F4597           |
| 10. PREPARATION INSTRUCTIONS  |   |                          |                                    |                 |
| 10.1 <u>Format</u> . This data shall be on bond paper. (Mechanical listing is acceptable, however.) It shall cover all GFM items in the inventory. The items shall be ordered first by contract number; within each contract number ordered by contract line item number (CLIN) or exhibit line item number (ELIN); within each CLIN or ELIN ordered by GFM line item. Contractor format is acceptable.   |   |                          |                                    |                 |
| 10.2 <u>Content</u> . The following information shall be provided for each GFM item:  |   |                          |                                    |                 |
| <ul style="list-style-type: none"> <li>a. Contract number.</li> <li>b. Contract line item or exhibit number to which each National Stock Number or Part Number of GFM is applicable.</li> <li>c. National Stock Number of GFM.</li> <li>d. Part Number of GFM.</li> <li>e. Actual replacement percentage (computed in accordance with the Contract Appendix B (Supply)).</li> <li>f. Quantity on hand.</li> <li>g. Unit price of GFM.</li> <li>h. Authorized stock level (state quantity authorized by the Contract Appendix B for expense or investment material as appropriate).</li> <li>i. Quantity excess to authorized level.</li> <li>j. Provide narrative supporting rationale for any GFM line item which is recommended to remain in an excess position.</li> </ul> |   |                          |                                    |                 |
| 11. DISTRIBUTION STATEMENT  |   |                          |                                    |                 |
| Distribution Statement A:<br>Approved for public release; distribution is unlimited.  |   |                          |                                    |                 |
