

## **DATA ITEM DESCRIPTION**

**Title:** PACKAGING KIT CONTENTS LIST

**Number:** DI-MISC-81499A

**AMSC Number:** N10083

**DTIC Applicable:** No

**Preparing Activity:** AS

**Applicable Forms:** N/A

**Approval Date:** 20190828

**Limitation:** N/A

**GIDEP Applicable:** No

**Project Number:** MISC-2019-007

**Use/Relationship:** This Data Item Description (DID) covers the development of packaging for parts kits and modification kits.

This DID contains the format, content, and intended use information for the data deliverable resulting from the work task described in the contract.

This list is used for identification of component parts of the kit, thus facilitating installation of the kit in the designated equipment.

This DID supersedes DI-MISC-81499.

### **Requirements:**

1. Reference Documents. None
2. Format. The packaging kit contents list shall be in the contractor's format
3. Content. The packaging kit contents list shall contain the following information:
  - 3.1 Assigned National Stock Number or other official identifying number for the kit.
  - 3.2 Assembly (s), component (s), or item (s) on which the parts in the kit are used. Include noun name, design activities, Federal Supply Code for Manufacturer (FSCM), part number (s), and the National Stock Number (NSN).
  - 3.3 Name of Contractor furnishing the kits and the contract number.
  - 3.4 Date of preparation of kit contents list.
  - 3.5 Total number of segregated packages.
  - 3.6 Total number of items in the kit. This is the total of all entries listed in 3.10 below.
  - 3.7 Assigned Special Packaging Instruction number, when applicable.
  - 3.8 Number of pages required for the list – (e.g. 1 of 2)

## DI-MISC-81499A

3.9 Sequence, the number or letter assigned to each segregated package, group, container, or section. Opposite this entry, enter a dash (---).

3.10 Design activity part number. Identify part number for each item within a segregated package, group, or section. If an item appears on or is included in more than one segregated package, group, or section, the part number for that item needs to be repeated in each location.

3.11 Noun name of each item listed in 3.10.

3.12 Quantity of each item listed in 3.11. Also, for each entry listed in 3.9, enter the total quantity of items in each segregated package, group, or section.

3.13 Method of preservation for each segregated package, group, or section identified by an entry listed in 3.9.

3.14 Remarks. To include detailed information for hazardous materials.
