# Department of Defense Standardization Program

# **ASSIST UPDATE**

(A bi-monthly summary of changes to the ASSIST document database)

1 August 2012

(For the Period 15 July 2012 to 31 July 2012)

#### ASSIST UPDATE

Documents listed in the ASSIST UPDATE have an indicator of "N" or "M" to describe the last action taken on a listed document.

"N" indicates that a "new" document has been entered into the ASSIST database.

"M" indicates that a document already in ASSIST has been "modified" in some way.

The ASSIST UPDATE is published twice a month and provides a summary of changes to Department of Defense standardization documents for the period indicated. Since changes are processed to the ASSIST database on a daily basis, users should consult the ASSIST web site at <a href="https://assist.daps.dla.mil">https://assist.daps.dla.mil</a> for the most current information.

If you need to track changes more frequently, or if you have an interest in specific Federal Supply Classes or individual specifications, standards, or other standardization documents, you may wish to take advantage of the ASSIST Alert Service. This feature lets you establish a list of documents of interest to you, and then the ASSIST will alert you with an E-mail message each day there is a change to one or more documents of interest to you. There is no charge for this service; however, you must have an ASSIST user account. To obtain one, complete the ASSIST online registration form at <a href="https://assist.daps.dla.mil/online/registration/registration.cfm">https://assist.daps.dla.mil/online/registration/registration.cfm</a>.

Once you have your account, you can establish your Alert Portal profile. For more information on the ASSIST Alert Service, go to: <a href="https://assist.daps.dla.mil/online/news/AlertService.htm">https://assist.daps.dla.mil/online/news/AlertService.htm</a> .
