NOTES:

1. Dimensions are in inches.
2. Metric equivalents are given for general information only.
3. Unless otherwise specified, tolerance is $\pm .016$ (0.041 mm).
4. The cap on this assembly is also used on plug PIN M83413/4-1.

REQUIREMENTS

Grounding plug In accordance with MIL-C-83413/4

Grounding wire 7 X 7 wire in accordance with MIL-DTL-83420, type II, composition B, jacket color international orange 22510 in accordance with FED-STD-595

Splices shall not be used.

Part or Identifying Number (PIN): M83413/10-1.

QUALIFICATION

Qualification is not required for this specification sheet. First article inspection shall be a visual and mechanical inspection in accordance with MIL-C-83413.

Certain provisions of this specification are the subject of International Standardization Agreements AIR-STD 25/26 and NATO STANAG 3632. When revision or cancellation of this specification is proposed which will affect or violate the international agreements concerned, the preparing activity will take appropriate reconciliation action through international standardization channels, including departmental standardization offices, if required.

The margins of this specification are marked with vertical lines to indicate where changes from the previous issue were made. This was done as a convenience only and the Government assumes no liability whatsoever for any inaccuracies in these notations. Bidders and contractors are cautioned to evaluate the requirements of this document based on the entire content irrespective of the marginal notations and relationship to the last previous issue.
