MILITARY SPECIFICATION SHEET

PLATE, IDENTIFICATION, ENGINE OVERHAUL DATA

This specification sheet is approved for use by all Departments and Agencies of the Department of Defense.

The complete requirements for procuring the engine overhaul identification plates described herein shall consist of this document and the latest issue of MIL-P-15024.

REQUIREMENTS:

1. Application. The identification plates and their installation shall be in accordance with the Metal Name Plate Industry Standards and Practices and MIL-P-15024, in the above order of precedence.
2. Plate type. The plates shall be Type A or H aluminum plates, having Type A minimum thickness, and shall be fastened at the corners with metal fasteners.
3. Size. Unless otherwise specified, the plate shall be Size 9 (Ref. 4 X 3 inches), in lieu of the former 3-1/2 X 2-1/2 inch size.
4. Format and information. The format and information on the plate shall be as shown in Figure 1.

INSTRUCTIONS: In a continuing effort to make our standardization documents better, the DoD provides this form for use in submitting comments and suggestions for improvements. All users of military standardization documents are invited to provide suggestions. This form may be detached, folded along the lines indicated, taped along the loose edge (*DO NOT STAPLE*), and mailed. In block 5, be as specific as possible about particular problem areas such as wording which required interpretation, was too rigid, restrictive, loose, ambiguous, or was incompatible, and give proposed wording changes which would alleviate the problems. Enter in block 6 any remarks not related to a specific paragraph of the document. If block 7 is filled out, an acknowledgement will be mailed to you within 30 days to let you know that your comments were received and are being considered.

NOTE: This form may not be used to request copies of documents, nor to request waivers, deviations, or clarification of specification requirements on current contracts. Comments submitted on this form do not constitute or imply authorization to waive any portion of the referenced document(s) or to amend contractual requirements.
