If the relays produced for MS24142 are similar in construction and design except for the power rating to the relays produced for [MS24140](#) and [MS24141](#), then reduced testing for qualification of MS24142 relays may be performed concurrent with or subsequent to successful qualification of [MS24140](#) or [MS24141](#).

Qualification by similarity: See [MIL-PRF-6106](#).
