

This military standard is approved by the Department of Defense and is mandatory on all activities. Selection for all new engineering and design applications and for repetitive use shall be made from this document.

NOTICE.—When Government drawings, specifications, or other data are used for any purpose other than in connection with a definite Government procurement operation, the United States Government thereby incurs no responsibility, nor any obligation whatsoever; and the fact that the Government may have furnished information in very many supplied such drawings, specifications, or other data is not to be regarded by implication as either an endorsement of the material or a warranty of its accuracy. It is hereby stated that it is the policy of the Department of Defense to make available to the public, without charge, all drawings, specifications, or other data which are in the public domain, and to sell those drawings, specifications, or other data which are not in the public domain at a price which will cover the cost of reproduction and distribution.
