This military standard is approved for use by all Departments and Agencies of the Department of Defense. Selection for all new engineering and design applications and for repetitive use shall be made from this document when applicable.

NOTES:

1. Dimensions are in inches.
2. Dimensions are basic. See MIL-C-81659 Interchangeability Control Dimensions For Tolerances.
3. Metric equivalents (to the nearest .01 mm) are given for general information only and are based upon 1 inch = 25.4 mm.
4. This is a design standard and not to be used as a part number.
5. For design feature purposes, this standard takes precedence over procurement documents referenced herein.
6. Referenced documents shall be of the issue in effect on date of invitations for bid.
7. Dimensions and markings shown are for engaging face of pin insert (socket insert opposite).
