DETAIL SPECIFICATION SHEET

CONNECTOR, MOUNTING TO CONNECTORS, MOUNTING
NUTS, PLAIN HEXAGON

This specification is approved for use by all Departments
and Agencies of the Department of Defense.

The requirements for acquiring the product described herein
shall consist of this specification sheet.

NOTES:

1. Dimensions are in inches.
2. Metric equivalents are in parenthesis and given for information only.
3. Unless otherwise specified, tolerance shall be $0.XX \pm .03$ (.762 mm) and $0.XXX \pm .015$ (.381 mm).
4. Angular tolerances shall be $X^\circ \pm 2^\circ$.

FIGURE 1. Dimensions and configurations.

MS3186E

REQUIREMENTS:

Design and construction: See figure 1 and tables I and II.

The material and finish shall meet the requirements of the connector for which the mounting nut is being used.

Materials:

- A: Heat treatable wrought aluminum (for use on aluminum shell connectors).
- S: Steel, cold rolled, commercial quality (for use on steel shell connectors). (Bright cadmium plated aluminum nut may be used in lieu of steel nuts) in accordance with SAE-AMS-QQ-P-416.
- C: CRES in accordance with ASTM A484 and ASTM A582 (for use on CRES shell connectors).

Finish:

- A: Anodic coating, color black, in accordance with MIL-A-8625.
- B: Cadmium over corrosion resistant steel, color black, in accordance with SAE-AMS-QQ-P-416.
- N: Electroless nickel in accordance with SAE-AMS-C-26074 (Space use only).
- P: Passivate.
- W: Cadmium over nickel, color olive drab, in accordance with SAE-AMS-QQ-P-416.

Threads shall be in accordance with MIL-S-7742.

Remove all burrs and sharp edges.

Safety wire holes shall be capable of withstanding a 30-pound pull in any direction when using the .020 minimum diameter wire specified in NASM33540. Two pulls should be made, one parallel with axis of the nut and one perpendicular to axis of the nut.

Slot, shall be 120° apart, orientation optional with respect to hexagon configuration. Slot dimensions shall provide sufficient clearance for mounting on applicable jam-nut connector.

Part or Identifying Number (PIN) (example):

MS3186E
