SAFETY

PRECAUTIONS: CAUTION! CAUSES SKIN IRRITATION

Compound contains a strong acid. P
Wear rubber gloves, apron and goggles.
flush thoroughly with plentiful water for
15 minutes. If splashed on face, flush
for at least 15 minutes.
percent bicarbonate solution.
call a physician if necessary.
adequate ventilation.

INTENDED USE:

Type I and
metal
metal

errous
nonferrous
preventives.

chromium plated
surfaces which require very

assurized spray systems at temper-
ature. Nonfoaming detergents are used.

on surfaces from which grease and oil
removed by solvent or alkali cleaning. May
be used on tanks at ambient temperatures or at temper-
atures up to 140 degrees Fahrenheit.

REQUIREMENTS:

Compound is not required to conform to definite chemical
composition requirements, except as specified herein. (see page 2)
However, each compound shall be equal or superior in effectiveness
to the comparison formula for that specified type.

NOTE:

1. Referenced documents shall be of the issue in effect on date
of invitations for bid.

(A)

CANCELLATION

This standard is approved by the Munitions Command,
Department of the Army and is mandatory for use by
that activity. All other military activities are required
to employ this standard where suitable.
