

NOTE: When Government drawings, specifications, or other data are used for any purpose other than in connection with a definitely related Government procurement operation, the United States Government thereby incurs no responsibility, nor any obligation whatsoever; and the fact that the Government may have furnished, furnished, or in any way supplied the said drawings, specifications, or other data is not to be regarded by implication or otherwise as an endorsement, approval, or recommendation of any person or organization, or as constituting any right or privilege in manufacture, sale, or use of any patented invention that may in any way be related thereto.

This standard has been approved by the Department of the Navy and the Department of the USAF and is mandatory for use by that activity. All other military activities are required to employ this standard where suitable.
